21	3316	Chetna	Bhandari	All	No
22	8688	Raja	Singh	Protein + Drug + HPC	No

*Participants will get the training only on those modules for which they have opted and submitted their fees. In changes in the module selection if already informed will be taken care-off.

*Participants who have registered and have already paid their fees but their names are missing from the list can mail us at training2015@scfbio-iitd.res.in (kindly put urgent in the subject line).

*The sequence in which the training programme will proceed is Genome Analysis (1st, 2nd & 3rd day), Protein Folding (4th , 5th & 6th day), Drug Design (7th , 8th & 9th day) and High Performance Computing (HPC) (10th day) in each batch.

* Participants are also requested to bring their laptop (if you have though it is not mandatory) otherwise we will provide you Desktops during hands-on session in the workshop. The only benefit of carrying your own laptop is, you can install the free softwares, manuals, tutorials to be used during training and also can take other training related stuffs on your own laptop.

Important Announcement regarding Accommodation

 Those who are coming from outside delhi and have already mailed us for their requirement for accommodation will be provided the same on payment basis. Charges will be approx. Rs. 280 per day (including breakfast and dinner).

 Snacks (Morning and Evening) and Lunch will be provided to all the participants at the training site.

 For any query regarding accommodation or any other issue, kindly mail to training2015@scfbio-iitd.res.in
