*The Participants will get the training only on those modules for which they have opted and submitted their fees.

*Participants who have registered and have already paid their fees but their names are missing from the list can mail us at training2014@scfbio-iitd.res.in (kindly put urgent in the subject line).

*The sequence in which the training programme will proceed is Genome Analysis (1st, 2nd & 3rd day), Protein Folding (4th, 5th & 6th day), Drug Design (7th, 8th & 9th day) and High Performance Computing (HPC) (10th day) in each batch.

* Participants are also requested to bring their laptop (if you have and it is not mandatory) otherwise we will provide them the systems during the workshop for doing hands-on practice. The only benefit of carrying your own laptop is, you can install the free softwares, manuals, tutorials to be used during training and also can save/put other training related stuffs on your own laptop.
